

## How do I download videos?

1. Videos can be found in the "Multimedia" category. After you navigate to a chapter, select the "Multimedia" category to find videos for that chapter.

2. Click on the video resource you want to watch and download.

3. You can click on the “Video” icon to watch the video. Use the “Download” button to save the video to your computer. The video will download to your computer and by default can be found in your downloads folder.

The screenshot shows a web browser window with the URL [teachertoolsonline.com/views/teachers/private/resources/detail.aspx?resource=40396](https://teachertoolsonline.com/views/teachers/private/resources/detail.aspx?resource=40396). The page header includes navigation links for Dashboard, Resources, ShopTalk, Ed Articles, and Professional Development, along with PROFILE and LOGOUT buttons. The breadcrumb trail reads: Resources / Grade 10 / Math / 4th edition / Chapter 3 / Chapter 03: Midpoints, Slopes, and Distance Formula. The main content area features a green icon and the title "Chapter 03: Midpoints, Slopes, and Distance Formula" with a "LAST UPDATED 06/03/2019" timestamp. Below the title are "FAVORITE" and "DOWNLOAD" buttons. A video player thumbnail is labeled "Geometry" and "Video". To the right of the video, a description states: "This Technology Corner segment helps students understand the material on p. 136." Below this is a "Tags" section with buttons for "distance formula", "slopes", "midpoints", "video", "geometry", and "technology corner". A usage note at the bottom reads: "USAGE: Looking for additional resources? Search by textbook title or chapter, or click on the links!" A "RELATED RESOURCES" section is partially visible at the bottom.
